CUTTING SCRAPE

Paul Smith is in the Pocahontas Memorial Hospital with terrible knife wounds and Lloyd Rider is in the Pocahontas jail as the result of a fight between them at Dunmore last Saturday night.

Smith has fourteen wounds, three of which entered the cavity of his body. It required 128 stitches to close the cuts. If complications do not arise, it is expected he will recover. He is a son of William Smith

These are young men about twenty years of age. It appears the fight grew out of horse play between them.

Students who have returned from the West Virginia University are, Miss Alice McClintic, who graduated with Bachelor of Arts degree, Miss

MRS. PAGE FRIEL

Mrs. Mary Margaret Kimbal Friel passed into the Great Beyond on June 2, 1927. She was 37 years of age and is survived by her husband and their five children, Joseph Edward, Leola, Viola, Olive and Audrey; also her father and mother and two brothers. She united with the Brethren church when quite young and passed from this life with the full assurance of a brighter and better world awaiting her just over the border land. Her remains were laid to rest in the Fairview cemetery. Let us cherish the thought that when our life work is ended we will join her in that "better home awaiting in the sky."

NINNEHAHA COMMUNITY MEETING

Minnehaha had her first community meeting in the M. E. church, Friday night, November 18. J. C. Harper was in charge. The subject was Community Spirit. The County Agent discussed the subject of working together and the value of community work. Papers were read on Community History. Churches, by H. Lee White; schools, by Miss Mable White; Community, by J. C. Harper.

An entertaining program was given by the school children entitled "The First Thanksgiving in America," which was appropriate and well prepared.

Mrs. E. J. Wilson is general chairman for the community. A good crowd was present and a great deal of interest was manifest. The Extension Division is going to publish for this community their history when prepared.

The subject for the next meeting will be a Community Christmas Tree. Mrs. Wilson in charge. Minnehaha has caught the idea and as the Greeks expressed it in a proverb—"Arise and let us be going for this is not our resting place." Minnehaha is moving forward.

Canon. She and her husband were camping out on a hunting trip. A stray bullet from a high powered rifle struck her in the head as she sat in her tent. Mr. Barlow is a native of Pocahontas county. Many of our older readers will remember him.

George P. Edgar reports the killing of fourteen lambs by a panther on his Cranberry River plantation. The throat of each lamb was cut. There were no tracks or other sign as would have been the case if a bear had done the depredation. Some of the carcasses were covered up. A panther was seen last summer just across the mountain from where the sheep were killed.

Layman and Reed Davis saw a fine big doe on the Jericho Flat, about a half mile from the county bridge last Saturday. The young men were rabbit hunting and came upon the deer. This is the first time in thirty years since a deer was seen on this ridge.

DIED

Mrs. Minnie Ella Phillips was born at Greenbank, Pocahontas county, September 5, 1856. She died November 10, 1927, having reached the age of eighty-one years, two months, and five days. She was the daughter of the late John E. and Mary Benson Hicks, deceased. For several years she had made her home with her son W. J. Phillips of Huntersville.

During her early childhood she professed faith in Christ and united with the Methodist church of which

she remained a faithful member until God called her to join the church triumphant and rest with the redeemed.

Funeral services were conducted in the Methodist church at Huntersville by her pastor, Rev. Mack Thomas on Friday afternoon, November 11. Her body was laid to rest in the Huntersville cemetery.

HUNTING AND FISHING

Dear Editor:

In regard to dogs running deer, this can be stopped if the true sports men of the community will cooperate with the game wardens. If a dog is seen after a deer, catch him if you can and take him to the warden. If you cannot catch him. I will lend you my 35 caliber Remington, and if you put one of these bullets behind his shoulder he will forever hold his peace.

In last week's paper the Slaty Fork correspondent says the hunters have killed off all the deer and turkeys in that locality. I say it is not the man who hunts in the open season who destroys the game. It is the sneak thief who slips out after the season is closed and kills anything he sees. This is the time for the game wardens to be busy when there are no sportsmen in the woods.

Last fall when the deer season opened, I did not get to go until the eighth day was here. My son and myself went to my old hunting ground, and there we ran into a bunch of fellows who asked us what we were hunting for. I says deer. They says what kind? And I says the one with the chair on his head. They says we shoot and look afterwards. We left them right then and there

Frost 4 Roanoke 0

The Frost Old Timers and Roanoke played an interesting game of soccer football at Covington, Virginia Saturday, December 8th. The Roanoke team was made up in part of English and Scotchmen who are all lovers of soccer football. Mr. Goggins of Lynchburg, Virginia, refereed the game is, as we understand, State Superintendent of Soccer Football Association. Covington has one of the best grounds the writer has ever been on. Roanoke got choice of goals and very naturally took advantage of the wind. After the toss-off, it was soon apparent that the Old Timers had the edge, an other game bagged, but of course, not without effort against these well trained and scientific players who were always alert to the advantage points.

If present plans materialize Frost will play Roanoke at Roanoke, December 22nd. Y

COUNTY CORN SHOW

January 12, 1929, at 1 o'clock p. m.

The corn crop in our county this year was perhaps the best ever grown, and we think it would be most interesting to have it shown, and it would be a medium of supply for seed corn.

We have therefore decided to hold a corn show at our banking rooms on the date named and offer the following prizes:

Class 1 Reid's Yellow Dent, 10 ears

First prize \$2.00

Second prize \$1.00

Class 2 Any Other Dent, 10 ears

First prize \$2.00

Second prize \$1.00

Class 3 Any Variety, single ear

First prize \$1.00

Second prize \$.50

Exhibits will be judged by the State Corn Expert, and the exhibits ranking highest will be sent to the State Corn Show for entry.

Entries received Jan. 9-10-11

Every one is invited to make entries and to come to see the show.

The Brushy Flat and Pleasant Hill schools have raised about \$67 which they are using to improve their schools. Pleasant hill has purchased ten new books for the library, curtains, lamps and other things which has improved the school house very much. They have also cleared away the brush from the play ground; which was growing into young trees. The Brushy Flats and Pleasant Hillers have joined their clubs and have a membership of about twenty. They are planning on a community Christmas tree on the night of December 24, at the Union Central church.

The Minnehaha 4-H Club met at the school house December 1, 1928. Our president Eleanor Herold, being absent the meeting was called to order by vice-president Ted Reed. The minutes were read and approved. The roll call was answered for which we were thankful. The school gave two plays and sang two songs. SHOW

The corn, grain and potato show will be held in Marlinton, Saturday, January 12th. The corn show in the First National Bank. Three classes will be shown—Reid's yellow dent, any other dent, single ear, any variety. The dent corn will be 10 ear exhibits. The winners from the show in the county will be sent to Morgantown.

The oats, wheat and buckwheat will be shown at C. J. Richardson's, each exhibit being a gallon.

The potatoes will be shown at the Farm Bureau Supply Company. The potato exhibit will include Carmen No. 3. Russet Rurals, Green Mountain, Cobbler.

This show would interest both the producer and the consumer. The owners will find a good many admirers and the buyers will be able to find out who has good seed for planting. It is a mutual gain.

The judging will take place at 10:30 A.M. Saturday will be a big day in Marlinton. The Fair Directors have a meeting, the teachers of the county have an institute and the farmers have a corn, grain and potato show.

HOSPITAL NOTES

Mr. Wilbur Clark, of Marlinton, who was in the hospital for a ten day's treatment, was allowed to go home Monday, he was much improved.

Miss Golda Sharp, of Frost, was operated on for infected tonsils, Saturday by Dr. McIntosh of Elkins. She returned to her home on Sunday.

Dr. E. R. McIntosh of Elkins operated on three patients Saturday. David Grimes, of Dunmore, Tonsilectomy; Mr. R. Luster Shrader, of Huntersville, Tonsilectomy; Miss Golda Sharp, of Dunmore, Tonsilectomy. On Sunday he removed tonsils of Ada Vaughan, well known colored woman of Marlinton. All patients recovered nicely. Dr. McIntosh will be with us again March 1.

Mr. O. W. Kellison, who is employed with Mr. Waugh, the dairyman, underwent an operation for

appendicitis, January 5, by Dr. H. C.

Solter. The patient is making a nice recovery.

Mr. Burley Wilfong, an employee of the Marlin Lumber Co., was brought to the hospital Jan. 5, suffering with kidney condition, after some medication, his condition is much improved.

Ollie Roberts, a colored tramp, who gave his home as Harrison, Ga., was brought to the hospital Saturday morning by Sheriff Reed Moore, and Mr. Tidd, they having found him half frozen, along the railroad track. After giving him a hot bath and some strong coffee, he was alright, and anxious to try the road again.

Miss Anna Phillips was called to her home at Huntersville Saturday on account of the illness of her family, and on her arrival at home was stricken with the flu, and was compelled to go to bed. Her condition was better today, Tuesday.

Miss Lena Gum was called to her home at Raywood on account of

strong coffee, he was alright, and anxious to try the road again.

Miss Anna Phillips was called to her home at Huntersville Saturday on account of the illness of her family, and on her arrival at home was stricken with the flu, and was compelled to go to bed. Her condition was better today, Tuesday.

Miss Lena Gum was called to her home at Raywood on account of her mother's illness. Her mother improved rapidly and Miss Gum returned to the hospital Tuesday P. M.

Miss Mary Katherine Smith, student nurse, is sick with the flu, it is hoped she will be out in a few days.

Harry Walker, who lives in the vicinity of Marlinton, who was so seriously cut about the head and face on December 22nd by another colored man, was dismissed from the hospital Tuesday afternoon. His wounds were all practically healed, and he was feeling fine.

Dr. G. F. Hull left for the Legislature this week. This is the doctor's second term in the lower house and he is an influential man in the assembly. Dr. Hull is very much missed in his practise in Green Bank district and he is badly needed at home, but it is all important at this time for the county to be represented in the legislature. We have reached the final steps of the good roads scheme and it is important that the missing links in Pocahontas county be brought to the attention of law making body. Dr. Hull was born in Highland county, December 1, 1879, and was educated in Kenmore high school, Randolph Macon College, and the University of Virginia. He was a member of the University football team for the years 1902, 1903, and 1904. He has practiced medicine at Durbin since the year 1907, and has taken an active and prominent part in the affairs of the State and county. He was chairman of the Draft Board during the war. He is a powerful man physically and attracts attention in any assembly he is in. He comes from a long line of Virginia ancestry, the Hulls of Highland county dating from before the Revolution.

of the Draft Board during the war. He is a powerful man physically and attracts attention in any assembly he is in. He comes from a long line of Virginia ancestry, the Hulls of Highland county dating from before the Revolution.

A letter has been received announcing the death of Mrs. D. A. Garber on December 26, 1928, after an operation for gall stones, in a hospital in Dayton, Ohio, where she was visiting her son, Edgar Garber. Many friends in Pocahontas will remember Mrs. Garber. She lived at Edray and at Marlinton a number of years before moving to Elkins. She is survived by her husband, two daughters, and three sons.

June, four years old, is fond of her baby sister, but now that sister is learning to talk, June finds her road much harder to travel. One day they were playing together, and baby Doris came running to mother cry-

show his club spirit by attending.

FOR SHERIFF

Fred W. Ruckman, of the Leve's District announces this week as a candidate for the office of sheriff of Pocahontas county, subject to the will of the Democratic party. For deputies he offers J. C. Wooddell, of Greenbank, and George H. Waugh of Edray; for jailor, Lock Herold, of Huntersville; for office deputy, M. C. Kincaid.

A better and stronger ticket would be hard to find. It comes out in response to a general call. It now looks like it will go over with general unanimity, and this editor hopes it will.

Mr. Ruckman is a prominent citizen of Little Levels District. He is a farmer. Also a banker. As a young man he fitted himself for a business career, but was called from the city back to the farm on the death of his father, the late Mathews Ruckman. He applies business principles to farming, and he is now one of our most progressive and successful farmers.

career, but was called from the city back to the farm on the death of his father, the late Mathews Ruckman. He applies business principles to farming, and he is now one of our most progressive and successful farmers.

J. C. Wooddell is just completing a term as deputy sheriff for Greenbank District. He has made good in every respect. He is one of the most popular and efficient officers the county has ever had.

George H. Waugh is a son of the late Levi Waugh. He is the proper kind of man to fill an office, but he has always been too busy scaling logs to think about serving his county in this way.

Lock Herold, of Minnehaha Springs will make a good jailor. He is kind and considerate, but with plenty of firmness to hold things down.

M. C. Kincaid is a popular business man of Marlinton, who is widely known over the county. He has the ability and the training to keep the office right.

AN OLD PLOW

The other day Neal Pritchard of Knapps Creek, brought to this office for identification a curious looking iron implement. This editor put it down as the bottom of an old wooden mould-board plow. It is an interesting relic. It is on display at this office.

Mr. Pritchard found the plow in the woods on the hillside above the Knapps Creek Methodist Church. Along about the time that such plows were in common use, the farm where it was found was occupied by one William Moore, who was the great grandfather of J. H. Buzzard.

To the Voters of Pocahontas County:

A few weeks ago I announced my candidacy for Sheriff of Pocahontas County, subject to the action of the Democratic party in the primary election. Since my announcement was published I have come to the conclusion that I should not enter the race for the office mentioned, though I have the assurance of the support of my friends. I now understand from Mr. F. W. Ruckman of Millpoint, that he is going to offer for the office, and believing that he is well fitted for it and will be acceptable to the people of the county as a whole, I gladly withdraw from the race in his favor, and in doing so I want to thank my many friends for their offers of support. I feel that the people of Pocahontas County have been exceedingly kind to me for the last eight years; they have honored me and I greatly appreciate this honor.

Respectfully yours,

J. ELMER MOORE.

Teachers Must Go Without Pay

No drafts for the teachers of Huntersville and Little Levels Districts will be issued for the sixth month of school, due to a shortage of funds. The amount of taxes raised for teachers' fund purposes by the Boards of Education has been exhausted and no State Aid has as yet been received. There will be sufficient funds to pay the teachers of Edray District for the sixth month and about enough money in Greenbank District to pay about three-fifths of the teachers for the same period.

It is likely that no action will be taken in the present situation until more definite information is received from the State.

300 TONS ICE WASTED IN THE TOWN YEARLY

**300 Tons Ice Yearly Waster By Local
People—Poorly Refrigeration Is
Main Cause.**

Marlinton poured 300 tons of melted ice down the drain pipes of its refrigerators during the last year without housewives getting any good from it.

This amazing figure, arrived at by the Leonard Institute of Food Preservation, is the annual ice waste in Marlinton, due to faulty refrigeration. It is based on a survey of ice meltage in Rochester, N. Y., showing a per capita waste of 500 pounds of ice. The American public is literally pouring water into a sieve, the water being in the form of ice and the sieve being the leaky uninsulated refrigerator that does not keep out hot air.

The average family should use about 8,000 pounds of ice a year if the refrigerator is well insulated and the doors fit tightly, according to food specialists. This provides for keeping the ice chamber well filled in winter as well as summer. Although the ave-

...ing portion of the ice purchased is
...wasted each year in the average home
For the nation this involves a loss of
millions of dollars in ice alone, be-
sides the even greater loss in spoiled
food caused by the poor refrigeration.
Purchasers of refrigerators too of-
ten consider price alone, say food
preservation experts. Like an automo-
bile, the refrigerator should be pur-
chased on performance as well as ap-
pearance. The use of modern all-steel
refrigerators with approved insulation
would go far toward doing away with
this heavy loss, they state.
In selecting a refrigerator, one with
neither the minimum or maximum ice
meltage should be chosen, according
to the Leonard Institute. The refri-
gerator that consumes the most ice
is, naturally, too costly to keep filled
and will not maintain the desired
temperature of 50 degrees or less,
while the one that consumes the least
ice probably has faulty circulation
and will not do its job of keeping the
food in perfect state of preservation.
A reasonable rate of ice meltage is
essential to keeping food good. The
ice should never be covered with a
blanket or paper to retard its melt-
ing.

LOCAL GRIDDERS DEFEAT RENICK

Visitors Outplayed Throughout The
Entire Game; Locals Present
Strong Team

The local High School gridgers overwhelmed Renick by a 39-0 score in an unimpressive game of football at the Fairgrounds field, last Saturday.

Marlinton displayed an aggressive offense, gaining almost at will, thru any position of the opposing team, and a "rock-wall" defense which held the visitors powerless. Time and again the Marlinton line broke through and smothered plays before they gathered momentum, or hurrying passes and punts, which detracted greatly from the showing made by the visiting eleven.

On the opening kickoff, Slaven, Marlinton end received the ball and made a very pretty run back before being downed. A series of plays resulted in the first touchdown

On the opening kickoff, Slaven, Marlinton end received the ball and made a very pretty run back before being downed. A series of plays resulted in the first touchdown. From then on it was more of a procession than a football game—featuring long runs by Gay, Wilson, and Captain “Bo” Coyner and some terrific line smashing by “Bones” Hamrick, the versatile fullback of the local eleven. Sam Neel Neel and “Pete” Spitzer, the diminutive halfback also showed up well.

Captain Burr and Holesapple were the luminaries for Renick.

Coach Lord used the entire squad in the game, and the second team played the entire fourth quarter.

The squad is being carefully groomed this week for the tussle with the Alumni, which is slated for this coming Saturday. No changes in the lineup which started the game last Saturday, have been announced though possibly Captain Coyner will

RICHARDSON'S CAR STOLEN; IS RECOVERED

State Police Overtake Thief Near Renick; Man Gets Away.

Corporal Jack Tidd and H. R. Shields, of the local detachment of the State Police, did a swift piece of work Saturday night when they overtook the thief who stole C. J. Richardson's Buick sedan from in front of the Marlin-Sewell hotel in less than one hour after the theft had been reported.

Driving up to a parking place beside the hotel about ten o'clock, Craig Richardson, son of C. J., at home from Randolph-Macon for the holidays, stopped and as is customary in these parts, where automobile thieves are few and far between, failed to lock the vehicle. When he

in these parts, where automobile thieves are few and far between, failed to lock the vehicle. When he went back for the car it was gone. Thinking someone was playing a practical joke, and had borrowed it temporarily, he waited patiently for its return. Others, too, scoffed at the idea of it being stolen. Finally the State Police were notified, and they at once set out in their little Chevie to find the big sedan.

As luck would have it, they started in the right direction—toward Hillsboro. On the way they took a squint at every sideroad to see what they could see. Giving up hopes of finding it in this vicinity, and being unable to find anyone who had made notation of the passing of a Buick sedan, they decided to drive to the end of the hard road, on the other side of Droop. There were no other cars on the road, they said, so Jack stepped on the gas, and away they went. In descending Droop, far in the distance, there was the light of a car. Punching the gas to the floor board, the policemen soon overtook

to see the license number, they knew they had found the car, but the problem confronting them was how to stop it. They were on the bad road now, and there was no driving up beside it. Mary M'Neel Beard 97, Passes Away

One of the oldest residents of Pocahontas county passed away on Thursday, December 27, 1928, when Mary McNeel Beard, age 97, who was a daughter of Richard McNeel and Mary Edminston, died at her home at Hillsboro.

Mrs. Beard was one of the pioneers of this section. She was a resident of the old state and the new. For almost a century she watched and observed the progress of a nation, state and county. Through it all she has been very active, doing her part in the community in which she lived.

She was the widow of the late M. L. Beard, and is survived by two sons, M. L. Beard and C. E. Beard.

For 85 years she was a member of the Presbyterian Church, and always took an active part in church affairs.

Funeral services were conducted at the Oak Grove Church, at Hillsboro, Saturday, December 29th, and interment made in the McNeel cemetery.

Edray District Institute Convenes Jan. 11-12

The Institute for Edray District will be held Friday and Saturday January 11 and 12.

On Friday, all of the one and two-room schools of the County will observe the work of another teacher for that day, as a part of County Institute.

The Marlinton Grades and High School, as well as all the schools in the districts will be open to visiting teachers. Teachers may make their own selection as to the school they prefer to visit, but to receive full credit for Friday they must be at the school building not later than ten o'clock and remain until 3:30 in the afternoon.

On Saturday, beginning at 10 o'clock, all the teachers of the District and those from other districts who

On Saturday, beginning at 10 o'clock, all the teachers of the District and those from other districts who have not attended their own district meetings, will meet in the High School building at Marlinton. A Special Session of Institute for High School teachers of the County, who have not attended five days elsewhere will be held in the afternoon, in the same building.

In order that teachers may be familiar with the law governing Institute and the necessity for attending, I quote the following from Section 114 of the West Virginia School Law:

"Every person employed as a teacher in the schools of this state shall be required to attend a county teachers' institute, or such other teachers' meeting as the state superintendent of schools shall prescribe for his group of teachers or kind of work, for at least five days in each year, or for the number of

teachers in the schools of this state shall be required to attend a county teachers' institute, or such other teachers' meeting as the state superintendent of schools shall prescribe for his group of teachers or kind of work, for at least five days in each year, or for the number of days more or less than five, that may be prescribed by the said superintendent.

It shall be the duty of the county superintendent to see that teachers who do not attend institute or who have not been legally excused are not allowed to teach in his county during any year in which such failure occurs."

I trust all the teachers of one and two-room schools of Edray District will find it convenient to visit some school of their choice on Friday, and on Saturday, all the teachers of the district, and those who did not attend Institute in their own districts, will find it possible to be at the meeting in the Edray District High School.

ADVERTISING BRINGS NEW CUSTOMERS

Into your store. New customers increase the volume of business and increased volume brings increased profits. The following story is told of the Fort Smith Garment Co., by its vice president, Leo Fleming:

"We manufacture overalls and work pants. It took us 12 years to build a business from a scratch to a certain volume without advertising. With advertising the volume increased 500 per cent in two years. In our first twelve years we built our production up to 1000 dozens a month and our overhead and selling cost was \$4000 a month.

"That made a selling cost of four dollars a dozen. Two years after becoming advertisers our volume increased to 5000 dozens a month. The overhead and selling cost increased 100 percent to \$8000 a month. As a result the overhead and selling cost was reduced from four dollars a dozen to one dollar and sixty cents a dozen. We reduced the price a dollar a dozen to the retailer, paid 50c a dozen to the advertising appropriation and had 90c a dozen extra profit as a result of the advertising."

TWO CARS COLLIDE ON HUNTERSVILLE ROAD; 2 INJURED

An automobile accident, in which two cars collided, occurred on the curve opposite Zed Smith's residence early Tuesday morning when Sterl Sharp,* driving a 1925 Ford Coupe and Cris Beard's Chevrolet Sedan taxi came together.

According to information concerning the accident, Sharp was coming into Marlinton at a high rate of speed, and in cutting the curve was not over far enough on his side of the road to avoid hitting the approaching car. The taxi driven by J. H. Wimer, of Durbin, and had one passenger. Sharp's car was occupied by Fred Hamrick and Ted Guthrie, of Cass.

In an effort to avoid the accident, Sharp in pulling to his side of the road hit the left front wheel of Beard's car, but it seems that in doing so he got the worse end of the bargain. His car came out with a broken wind shield, broken windows, the left running board and fenders completely smashed, the right front wheel broken, the left door knocked clear out of place, and one broken spring.

In the smashup Sharp received bad injuries about the left arm and shoulder, and one other occupant of the car received severe bruises. The other escaped uninjured. They were brought to the Pocahontas Memorial Hospital, where their wounds were given medical attention.

VIOLATES GAME LAW

Fishing for trout out of season and without license is rather expensive, even if you don't catch anything, judging from the case of Cecil Rankin who was caught by game protector, Clarence Tyree, who happened along Tea Creek on Wednesday of last week and found Rankin casting in the stream with a green fly and spinner. He was arrested, but all the time the officer was making the arrest Rankin was making a noble effort to convince him that he was only fishing for suckers. The fish law violator was brought to Marlinton and tried Saturday in A. E. Smith's Justice Court and was fined \$20.00 and costs. The costs were \$7.00, thus causing his little trial for suckers cost \$27.00, enough to buy licenses for twenty-seven years.

COUNTY SCHOOLS OPENED MONDAY; BIG ENROLLMENT

When the schools of Pocahontas County opened Monday morning at 9:00 o'clock, 3076 elementary pupils, 465 high school students and 125 junior high school students began the first day of their 1928-29 session of school, according to the records of C. E. Flynn, county superintendent.

It is thought that before the close of the first week this number will be greatly strengthened. Already it is more than entered at the opening of school last year.

According to the superintendent's records, there has been employed in the county 107 of the best elementary teachers available, and 27 high-class high school teachers.

For the past month large sums have been expended in renovating school houses and adding new equipment. Each teacher starts into the term with everything in better order than ever before in the history of the county.

Not until the first month's reports come in will Superintendent Flynn know exactly how many are enrolled in the Pocahontas County schools this year, but he is of the opinion that there are some four or five hundred out of school at the present time, and if they do not voluntarily enroll during the next few weeks, an effort will be made to induce them to.

DAVE BARRETT TAKES OWN LIFE; BLOWS BRAINS OUT

Head Almost Amputated; Skull is Found in Rose Bush Nearby

(Special to The Journal)

Hillsboro—Dave Barrett, 63, took his own life by shooting his brains out with a twelve guage shot gun at his home on Droop Mountain about 11:00 A. M. January 2nd.

His body was found by his little grand child at noon on the front porch where the tragedy occurred. The head was mangled and mutilated terribly. There was nothing left of the head except the nose, mouth, and chin, the rest being blown completely from his body. A large piece of the skull was found in a rose bush

There was nothing left of the head except the nose, mouth, and chin, the rest being blown completely from his body. A large piece of the skull was found in a rose bush near by. Pieces of his brains, and hair was found in various parts of the porch and yard.

No one witnessed the tragedy, nor did the neighbors hear the discharge of the gun. His body was found near the edge of the porch, and the shot gun near by. Neighbors, who arrived later concluded that he had tied a piece of binder twine to the trigger of the gun and to a bench in such a manner as to cause the trigger to snap when the gun was pulled slightly forward. The muzzle was placed near, or at the base of the ear pointing slightly upward. It is evident that the tragedy occurred about 11:00 o'clock because the body was still warm at noon. Number four

Number four shot was used according to comparison of the shot that was found to that of number four shot.

A coroner's jury was summoned by Dr. H. W. McNeel, local physician, for the holding of an inquest. The verdict rendered by the jury was suicide beyond doubt. No reason is known why he took his own life as he was apparently sane before the

Mr. Barrett lived with his unmarried son Gilbert, who was not at home at that time. On New Year's night the deceased went to the home of his daughter, Mrs. Ken Brown, who lived very near his own residence, and asked to borrow a shot gun, explaining that a weasel was bothering his chickens. Later, near midnight, he returned with the gun, stating that it would not break down for him. He then asked if there was not a better one he could borrow. Returning home with the other gun he was not seen alive again.

It was a habit of Barrett's to visit his daughter and family (Mrs. Ken Brown) every morning and inquire how they were. However, on the fatal morning he did not appear. One of his grand children on his way to school passed through his yard, and saw no signs of him, trying the door he found it locked and no signs of life inside.

The deceased has five sons and daughters to mourn; they are: Holly, of Phillippi; Gilbert, at home; Tom of Spice; Mrs. Ken Brown, of Spice; and one daughter who lives near Ed-ray.

FLU EPIDEMIC REACHES 500

**Disease Not in Virulent Form;
Claimed as Bad as In 1918.**

The flu epidemic has assumed great proportions in Marlinton and surrounding community, according to medical authorities, who report more than five hundred cases in this immediate section. It was hoped that the epidemic would soon reach its zenith, but instead new cases are being added daily.

The local doctors, who are doing everything within their power to relieve the host of sufferers, are experiencing a session of the hardest work since the epidemic of 1918, according to one physician.

Although no deaths have been reported as being directly from the flu, the disease is prevalent in a very bad form, and special precaution is advised by doctors to prevent death from some other malady which might accompany the dreaded disease.

TOWN OFFICIALS RECEIVE 48 VOTES

**"Scratching" in Evidence; Man Not
On Ticket Gets Two Votes.**

Marlinton will be served for the next year by the same mayor and council as during the past year, it was decided Thursday of last week when the city election was held and forty-eight voters went to the polls and cast their ballots in approval of the last year's administration. No other ticket was in the field

No kind of an election, with or without opposition can be held without "scratching", it was revealed when the vote was posted in front of the place of voting. Two of the forty-eight scratched the names of some of those on the ticket and inserted a name of their own choice.

Those elected were:

F. C. Allen, mayor; A. H. McFerrin, recorder; and D. C. Adkison, F. M. Sydnor, Ira D. Brill, C. E. Denison, and D. W. Williams, councilmen. Harlow Waugh, whose name did not appear on the ballot, received two votes.

MRS. URIAH BIRD IS VICTIM OF FLU

Was Ill Only Few Days; Funeral to
be held Thursday.

One death resulting from influenza occurred last night when Mrs. Susan Bird, 80, wife of Uriah Bird, passed away after an illness of only a few days. She had been in ill health for several years, and her condition was such that the disease could not be fought by physicians successfully.

Mrs. Bird was a daughter of Eli-gah Hudson, of Durbin. She was born in this county. Fifty-eight years ago she was married to Uriah Bird, and to this union was born eight children, six of whom survive. The surviving children are J. How-ard Bird, of Savage, Md.; Mrs. Lloyd Moore, of Lynchburg, Va.; Mrs. George Spangler, of Macon, Ga.; Mrs. H. R. Terry, of Clifton Forge, Mrs. Ona Vogel, of New Philadelphia, Ohio, and Mrs. Frank King, of this city. The deceased children were Mrs. Henry Gay, of Buckhannon; and Mrs. W. W. Tyree, of Elkins. Be-sides the children, her husband and one brother, Squire J. L. Hudson, of Durbin, survive.

Mrs. Bird was a lifelong member of the M. E. Church, South, and was very active in church and community work.

Funeral services will be held at the Methodist Church on Thursday after-noon.

Marlinton Offered Chance For Great Fame

Inventor of New Cuss Words Will
Put Town on Map

There is a wonderful opportunity awaiting someone, somewhere in this country. The man or woman who will be made famous by his or her special ingenuity, may be a resident of Marlinton. The females are included in this opportunity because for the past several years they have been gradually becoming more and more competitors of the men folks in almost every line of endeavor, and it is just possible that some woman may fall heir to this unusual renown and have her name carved in glittering letters on the tablet of fame.

Everyone will admit that this old ball has been twisting at a pretty lively gait for the past quarter of a century. The fellow who permitted himself stand etill for a short space

Everyone will admit that this old ball has been twisting at a pretty lively gait for the past quarter of a century. The fellow who permitted himself stand still for a short space of time has discovered that the rest of the world has gone whizzing past him and he is more or less of an old foggy. Everything has been hitting on all six, so to speak, and wonderful progress has been seen in business, literature, art, commerce and invention. After a close check-up, however, it has been discovered by a very learned authority on the subject that the world is somewhat backward in one particular. To say, somewhat backward, is expressing it rather mildly for the gentleman in question, finds that practically no progress has been made in this particular line since the days of Shakespeare, and a few other birds of that type who took a keen delight in setting their thoughts down in writing. This eminent authority has discovered that the whole world is way behind in the matter of new "cuss" words. Stop right here for a minute or two and consider the question yourself. How many new "cuss" words have you heard of in recent years. For the life of us, we can't muster up a single one. The same old stock has been in use ever since the writer can remember and he can not think of a single new one which has taken the place of the old method of punctuating one's thoughts outwardly.

It has also been found by this same authority that the forcefulness of these old time bits of profanity has vanished. You can listen to a fellow now-a-days let out a string of these "cuss" words and they are just about as meaningless as if he had never employed them at all.

The world has been moving so rapidly and the most of us have been using these old out-of-date "cuss" words that a fellow can hardly say anything in ordinary conversation today and employ one or two of them and convey any forcefulness at all. Nobody would pay the slightest attention to him at all. The only recourse he has today to produce such effects is by the means of whispering.

All of this may be true, and maybe the world is waiting for some genius to gather together the proper means of expression. If it be true, then it is just as likely that somebody here in Marlinton can supply the list of missing words, just as well as a resident of some other town. It might not only bring fame to the individual, but it may be the means of some effective publicity for the town as well.

My plans for succeeding in club work this year are: To write my Illustrated Booklet, write my project circular, and complete my project that I have selected for the year of 1929 and take it to the Pocahontas County fair next fall. I am also going to study my Four-H Suggestions better in the future than I have in the past and try to get every main point in them.

In order to do the following things I must keep healthy. I am trying to keep healthy by obeying the health rules. I have gained three pounds every month since school began.

I have been able to earn all my 4-H's since I joined the Four-H club this year.

Beatrice Howard,
Buckeye Winners Club.
What New Ideas

1. The members of our club spread Christmas cheer by singing carols at Christmas time, visiting the poor with presents, and helping with the Christmas program.

2. We discussed the Health Crusaders' Plan and made a list of things to develop our Health H by and organized a club. Each member is supposed to complete each one of these.

3. The main things listed on our club's plan of work for 1929 are: several parties are scheduled for 1929, a health play is to be given and we help with each community program every month.

4. After discussing the Big Brother and Sister Leagues suggested by Sanitary Sam we decided to organize one at our next meeting as every one thought it a very good idea.

FORD PLANS 5-DAY WORK WEEK

Detroit, Mich., Jan. 2.—To maintain a five-day week for employes and at the same time operate factories six days a week an additional 30,000 men will be employed by the Ford Motor Co., and production increased 20 per cent before March 1, officials of the company announced here today.

Only the factory here will be placed on the six day basis at this time, but it was indicated assembly plants in other cities would be transferred to the same system as production increased.

Employment of the additional men required will bring the Detroit employment roll of the Ford company to 150,000 men. Preference will be given unemployed men now in Detroit, the announcement said, and warned that men coming here from other cities would find little opportunity for employment.

The plan calls for assignment of six men to five jobs, in order that each may have two days' rest a week.

"A six-day week is all right for machines," said Henry Ford in explaining the plan, "but a five-day week is enough for men."

It is estimated that under the plan production can be increased 6,500 cars a week and costs lowered thro' reduction of idle machinery.

Durbin will now have an organized fire department, with 1000 feet of hose and four hose wagons. This is something the town has needed since it became incorporated, but it was impossible to have any protection beyond a "bucket brigade", until last fall when the fine water system was installed.

At the last meeting of the town council, on January 3rd, R. R. Dodd was appointed fire chief with O. P. Slaven as assistant.

The ringing of the First Methodist Church bell, will be the signal, should a fire occur.

Boys In Trouble

A rather deplorable incident occurred on one of our streets Saturday afternoon, when a crowd of younger boys made sport of Sol Rexrode, a Bartow man who is a little deranged mentally

It seems that Rexrode was making imaginary arrests among the boys, and they tormented and taunted him to the extent that he began throwing stones at them to defend himself against their jeers

This started a "battle royal" which ended when a rock thrown by one of the boys cut a bad gash in Rexrode's head.

Rather aghast at what had happened, the boys made themselves scarce, while the injured man looked up a doctor to dress the wound above his left eye, which was bleeding profusely.

He afterwards reported the boys to Mayor H. H. Hudson who held them over for the grand jury under \$500.00 bond.

The boys, who were chiefly to blame, regret very much what happened, as the stone was not intentionally aimed at Rexrode to injure him. However, what occurred should be a lesson to them, and they should receive a severe enough reprimand to convince them that rock throwing, even on general principles, is a dangerous pastime, especially when the target happens to be a person who should be protected, rather than tormented.

Entertains With Dance

Misses Mary E. Bartholomew and Catchie Bartholomew gave a dance at their respective home on the evening of January 2. Square dancing was the main feature although there was some round dancing during intermissions. A very large number of young folks were there from different communities, Hillsboro, Huntersville, Frost, and Marlinton. Refreshments which consisted of sandwiches and punch were served at 12:00 o'clock. The music was exceptionally good and the gaiety of the crowd was unsurpassable. This dance was given in the nature of a New Year's dance.

Flu Claims Many Victims

The flu has been raging in and around this community during the latter part of December and the first of January. However, the disease is subsiding somewhat at present and there are few critical cases. Some claim this epidemic to be due to the weather conditions, while others believe it contagious.

Mrs. Bright Has Accident

Mrs. Mattie Bright, a very aged lady of this city had a severe accident on New Years Day, in which she fractured her leg just below the hip bone. The accident occurred when she fell, striking her leg on some object. The local physician, Dr. McNeel attended the patient. A special and trained nurse arrived from Lewisburg on the 2nd to attend her.

Durbin Tannery Super is Fined for Polluting

Because a bucket of minnows lived only four minutes after being placed in the river opposite the Durbin Tannery, Superintendent H. M. Widney accepted an invitation Friday from State Game Protector Ernest Angelo and District Protector Theodore Moore, to appear before Justice of the Peace J. A. Patterson, at Arborevale, on that day and receive punishment for polluting Greenbrier river to the extent that fish life is endangered.

According to the story of the protectors, they suspicioned that the water opposite the tannery was rank poison, and to verify their suspicion spent an hour or so seigning minnows to give it a trial. After getting a good supply of healthy minnows, they confronted Mr. Widney and invited him to help perform the experiment. He told them where to put the minnows, and four minutes after they were placed in the water all signs of life was exterminated.

Mr. Widney was taken before Justice Patterson, and after much argumentation, the penalty was fixed at \$15.00.

Bank of Marlinton

Builds \$10,000 Vault

With the completion of a new vault, costing in the neighborhood of \$10,000, the Bank of Marlinton now offers its customers protection equivalent to that found in any bank in the country. One month ago, a contract was let to A. G. Killingsworth, local contractor, for the construction of the vault, and he immediately set to work renovating the banking room, and constructing the massive fire-proof walls of the vault. The huge door at the entrance of the new security chamber is built of two kinds of steel, one layer of which can not be penetrated by the most powerful torch. On the inside is another safe in which money is kept, and it is so uniquely arranged that day-time burglars would find it impossible to gain entrance.
